If you are crowned Miss Florida, what do you want to accomplish during your reign?

What is the best way to make Miss America more relevant to people your age? I feel that Miss America is extremely relevant to people, especially women, my age. What I feel we need to focus on is breaking down common misconceptions that make Miss America seem irrelevant. The misconception people have is that Miss America is simply a beauty queen. By working to educate people on who ‘Miss America’ is - someone who is not only beautiful but also intelligent, talented and community service orientated – we start to break down misconceptions and show young women just how alike they are to Miss America. Today’s young women need to know that ‘Miss America’ has the same goals as them.

What impact can the Miss America Organization and its contestants have on society through the partnership with Children’s Miracle Network? Children’s Miracle Network (CMN) hospitals throughout the country treat over 17 million children each year. It is their goal to save and improve the lives of children by raising funds for children’s hospitals across North America. The Miss America Organization and the young women who compete in the Miss America Program can make a huge impact by not only raising much needed funds for CMN, but also awareness. Miss America contestants are hard-working and passionate, especially when it comes to community service. By working together towards the same goal, we greatly increase the impact we can make.
